UNRESTRICTED POOL 1

CONTRACT NUMBER: 47QRAD20DU140

National Presence. Diverse Perspective.

Headquartered in Hunt Valley, Maryland, EA employs more than 670 professionals through a network of 27 commercial offices and 5 satellite residential offices across the continental United States, Alaska, Hawaii, and Guam. We currently hold 38 federal Indefinite Delivery Indefinite Quantity (IDIQ) prime contracts for restoration, engineering, planning, and compliance services, including various IDIQ contracts with Air Force, USACE Districts nationwide, the USACE Engineer Research and Development Center, several NAVFAC Regions, GSA, NOAA, NPS, USFS, and EPA. In business for 50 years, EA has earned an outstanding reputation for technical expertise, responsive service, and judicious use of client resources.

EA provides a full-spectrum of in-house environmental capabilities, including environmental compliance, environmental restoration, environmental optimization, environmental conservation, pollution prevention, and information management to a wide range of industrial and government clients nationwide. Our environmental professionals have provided over \$2 billion in environmental engineering and consulting services worldwide since our founding in 1973. To date, we have executed more than 90 performance-based remediation contracts for DoD agencies at 50 active DoD installations, Formerly Used Defense Sites (FUDS), Non-DoD Owned, Non-Operational Defense Sites, and Base Realignment and Closure (BRAC) sites with a total contract value exceeding \$270 million. Having performed over \$75 million of PFAS-related work for the DoD, EA offers expertise in supporting PFAS-related projects.

EA currently has two active Task Orders under the OASIS Unrestricted Pool 1 contract performing environmental remedy optimization and installation restoration program services at 9 installations for the National Guard Bureau.
