

OASIS+ UNRESTRICTED

CONTRACT NUMBER: 47QRCA25DU110

EA® EA Engineering,
Science, and
Technology, Inc., PBC

OASIS+

OASIS+ Unrestricted is a multiple-award Indefinite Delivery/Indefinite Quantity (IDIQ) contract that provides flexible and innovative solutions for complex professional services.

ADVANTAGES TO USING OASIS:

- Multiple-award IDIQ contracts available to all GSA-approved agencies
- Single solution for complex requirements
- Supports all contract types, including FFP, T&M, cost, hybrids, etc.
- No minimum order, maximum order, or ceiling limitations
- Prohibits protests on orders valued at less than \$10M
- Low contract access fee of 0.15%
- Market Research as a Service resources
- For CONUS and OCONUS locations
- Ordering Period: 2024 – 2029 with 5-year option
- Task Order Period of Performance can extend 5 years beyond the order period

EA is a 100% employee-owned public benefit corporation that provides water and natural resources management; environmental, health, and safety regulatory compliance; site characterization and remediation; infrastructure engineering and management; and information technology solutions to a wide range of industrial and government clients nationwide.

KEY SERVICES

- Coastal Resilience
- Contaminated Site Assessment and Remediation
- Data Management and Technology
- Ecotoxicology Lab
- Environmental, Health, and Safety Management and Assurance
- Engineering Services
- Water and Wastewater Design
- EnviTreat Laboratory
- Infrastructure Project Support
- Munitions Response
- Natural Resources Management
- Sediment Management
- Sustainable Solutions

EA'S AWARDED NAICS CODES

	541330	Engineering Services	 ENGINEERING DOMAIN
	541350	Building Inspection Services	 ENVIRONMENTAL DOMAIN
	541360	Geophysical Surveying and Mapping Services	
	541370	Surveying and Mapping Except Geophysical) Services	
	541380	Testing Laboratories and Services	
	541611	Administrative Management and General Management Consulting Services	
	541620	Environmental Consulting Services	
	541690	Other Scientific and Technical Consulting Services	
	541990	All Other Professional, Scientific, and Technical Services	
	562112	Hazardous Waste Collection	
	562211	Hazardous Waste Treatment and Disposal	
	562910	Remediation Services	
	562910 Ex 1	Remediation Services	

Also awarded NAICS codes:

336611, 488190, 488999, 541310, 541330 Ex 1-3, 611512, 561210

CONTRACT NUMBER: 47QRCA25DU110

EA[®] EA Engineering,
Science, and
Technology, Inc., PBC

NATIONAL PRESENCE. DIVERSE PERSPECTIVE.

Headquartered in Hunt Valley, Maryland, EA employs more than 700 professionals through a network of 27 commercial offices and 5 satellite residential offices across the continental United States, Alaska, Hawaii, and Guam. EA is an all-environmental firm focused on providing fully integrated, multidisciplinary solutions for our clients. We currently hold 38 federal Indefinite Delivery Indefinite Quantity (IDIQ) prime contracts for restoration, engineering, planning, and compliance services, including various IDIQ contracts with Air Force, USACE Districts nationwide, the USACE Engineer Research and Development Center, several NAVFAC Regions, GSA, NOAA, NPS, USFS, and EPA.

In business for 50 years, EA offers the full spectrum of environmental support services including site characterization and remediation services, ranging from Phase I property assessments, site investigations, risk assessment, multi-media fate and transport modeling, and design-construct-operate of site remediation systems and site closure at hazardous wastes; natural resources support; environmental compliance services; and munitions constituents sites. Our team is also actively engaged in rigorous applied scientific research related to the environmental fate, toxicity, and treatment of contaminants and contaminants of emerging concern as well as understanding process needed to design and install natural infrastructure to improve coastal resilience.

EA provides comprehensive services for the full breadth of water, wastewater, solid waste, resilience, natural resources, and remediation infrastructure projects, ranging from ongoing system maintenance and minor repair to the development of full-scale construction bid documents. Our team is experienced in managing the entire project life cycle for these systems, including studies, design, maintenance, upgrade, and program and construction management. EA also provides support for proactive compliance programs and comprehensive environmental management systems that control risk and liability, such as air quality, auditing, risk and exposure assessments, tank inspections, and more. Our focus is to identify specific and practical solutions to address system needs and inefficiencies.
